About GLP

The Global Leader Power brand was formed in 2012 as a direct response to the customer's needs in LED and Automation market. It is based on the experience and foundations of Middle Europe's biggest LED driver supplier. Our products are now available all over the European continent.

Our goal is to deliver products that fulfil the restricted requirements in LED market, which is our priority. Compared to other products available on the market today, The Global Leader Power is characterized by innovative PCB Design, high-quality components, well established standard dimensions and a very competitive price to quality ratio.

Most of our products are offered with a 5-year warranty, which is exceptional on the global market amid professional LED drivers. We wish our customers to take part in the most demanding projects possible all over Europe.

Our motto: clear cooperation and distribution principles supported by responsible Brand recognition management. One of the fundamental goals of Global Leader Power is to become a strong European brand that is independent of large international syndicates. The main goal is to be able to compete with Eastern brands whose policy is sometimes variable and quality is arguable.

The experienced European market of power supplies leaves a large field for improvement so that we offer you The Global Leader Power.

We welcome you to contact our European representatives.

Our portfolio also includes AGM batteries – should you be interested, please feel free to contact your local distributor.

So far, The Global Leader Power has sold millions of GLP brand devices that already work all over the world.

We are looking forward to our cooperation - become a member of GLP Team!

GPV 12-200 W waterproof (IP67)

Features:

- Constant voltage design
- Universal AC input / Full range (except GPV-18)
- Cooling by free air convection
- 100% full load burn-in test
- Isolation class II
- Fully encapsulated with IP67 level
- Excellent quality / price ratio
- Up to 5 years warranty

GLSV 35-320 W waterproof (IP67)

Features:

- Constant voltage design
- Universal AC input / Full range up to 305VAC
- Built-in active PFC function, PF>0,96 (@230VAC, full load)
- Surge immunity: DM-5KV, CM-10KV
- IP67 design for indoor and outdoor applications
- Isolation class I
- Up to 7 years warranty

GPF 25-60 W waterproof (IP65)

Features:

- CC mode power supply
- Universal AC input / Full range
- Built-in 3 in 1 dimming function: 0-10V or PWM or resistance
- Cooling by free air convection
- 100% full load burn-in test
- Isolation class II
- Excellent quality / price ratio
- Up to 3 years warranty

AGV/AGC 12-25 W (IP40)

Features:

- Constant voltage (AGV) / current (AGC) design
- Universal AC input / Full range
- Current versions: 350 mA, 500 mA
- Cooling by free air convection
- 100% full load burn-in test
- Isolation class II
- Double insulation of Input and output wires
- Excellent quality / price ratio
- Up to 3 years warranty
